## Alumni Talk

**When** I used to study at M.B.A. Department, I used to think that why are we studying so hard for? And I finally after different field experiences I found that for most of us, we study to get a job. We stay focused on that because this will supposedly grant us the life we want. We all want our lives to be meaningful, to be successful, and to be happy. **“Don't be the one who knows, be the one who seeks always, asks questions, and always have doubts. Talk with faculties, think deeply, ask intelligent questions, acknowledge your privileged position and act accordingly.”**

**Priya Saraf**  
Asst. Professor,  
Christ Institute of management, Rajkot.

**The** essential thing about life I have learnt from the Department is that we do not have to go through with the motions. Never put yourself in the position of regretting what you did not try to do. Every experience, whether it is good or bad, if it is based on the passionate belief that what you are doing is something you love, will give you the will and the character to learn, grow and persevere. Stand up for yourself and your dreams.

**Dhruva Ravani**  
Operations Manager,  
Kotak Asset Management Company  
(Saurashtra Region).

**I** only want to state to all those who are currently studying at M.B.A. Department that if you really need an inspiration to perform well than always remember “The inspiration comes from within and what you can only rely on is hard work.” I am feeling very proud that I explored the actual meaning of hard work by studying at Department only and trust me during your Post-Graduation, you will also find unique ways to put best of yourself amongst the corporates” .

**Garima Sethi**  
Probationary Officer,  
Federal Bank - Kalawad Road, Rajkot.

**It is** my immense pleasure to share my experience of two years of MBA. The Department of Business Management has filled the gap between the theoretical aspects and corporate world. It was my wonderful experience of learning throughout the two years. During my M. B.A., we have been given practical exposure through various teaching pedagogies rather than only focusing on theories. It has developed our interpersonal skills as well as personality. I would like to thank all my professors who have supported me each and every day and taught us how to grab opportunities in corporate world.

I will always be grateful to Department of Business Management to provide me the base for my bright career. I wish a bright career to my juniors who are going to complete their M.B.A. in upcoming years.

**Hima Damani**  
HR Officer,  
Atul Auto Ltd, Rajkot.

**To be** in this competitive era, anyone needs practical orientation towards work. Faculties at Dept. with their enriched knowledge have nourished my career with essentials skills which are fast needs of today's corporate. Getting work done through others is the conventional definition of management but at the Department, I have learnt a growing approach towards this i.e. 'developing people through work'. During college days, each of us feel that, where these all will be helping us during work life, but believe it or not, even a tiny topic of curriculum could become a leading work profile in our career.

I would sincerely thank all my Gurus at the Department, who were indeed my true mentors and best guide for my future. I also wish all candidates a successful journey in their career life.

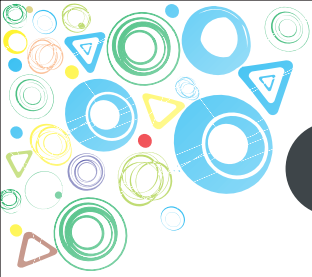

**Rupesh Bhuvra**  
Asst. Marketing Manager,  
Kadvani Forge Ltd, Rajkot.
