There are too many memories of my two years at SUMBA; to pick up any one is a bit difficult. However, the parties, management fests, and cricket with Chauhan Sir remains the most cherished. I have many of my colleagues at TCS who are a SUMBA alumni, so it's good to stay in touch and catch up on the old times! I think SUMBA itself is a brand, everyone wants to get associated with it. To say, "I've done my MBA from SUMBA" means a lot.

I am thankful to the Department of Business Management and the professors for making me who I am today because without that foundation I would be nowhere. All those people who helped, mentored and built us in where we are in our lives. Thank you!

Two years of MBA in SU MBA Bhavan have been one of the most knowledge gaining experiences of my life! Coordinating events and conferences was the most exciting part. I developed an inclination for research during this time period. I appreciate special efforts of the faculty members who were all special in their own ways.

Being at Department of Business Management, SU was the most rewarding experience and I believe that the two years that I spent there, have helped me tremendously in getting to where I am today.
